API 572 Study Guide

Practice Questions

*This following is a study aid that you can use to learn the details and content of **API RP-572, Inspection of Pressure Vessels**. There will be about 15-25 questions from this document on the API 510 exam. We do not spend time in class discussing this publication. So it is important that you become familiar with this content in your personal study sessions. Note! The study guide does not at this time have any questions for API 572 Appendix A. There will be some questions from Appendix A on the API exam.*

The questions in this study aid are in the same order as API 572. An answer key will be provided in class. It's helpful to read a few pages of API 572 and then answer the questions associated with these pages. We suggest that you do this study guide at least twice prior to the API exam.
